## *Wine Class – Syrah around the World*

### *Friday, January 27th*

Syrah is one of the world's handful of truly noble wine grapes. It's home is the Northern Rhone Valley where it has been cultivated for centuries but it has also traveled well around the globe and found suitable homes in California, Washington state, Australia, even New Zealand as well as other locales.

Bold, wild, complex and ageworthy Syrah can yield profound wines. Come join me **Friday evening, January 27th** at **CELLAR 13** to explore the potential of Syrah and it's expressions from wine growing regions around the world. This will be a seated tasting with 8 different wines ranging from \$30-\$50. We'll discuss the grape's origins, flavor profile, and characteristics of the growing regions. I'll have pulled pork from Pig n' Chik delivered along with a few other sides to pair with the Syrahs. I hope you can join me as we delve into the mysteries of one of my favorite grapes.

Seating is limited to 10-12 guests. Start time is **7:00pm**. Cost for the event is **\$75** per person. If you would like to attend please RSVP to **CELLAR 13** by replying to this email or phoning the store. If you can't make this date but have interest please let me know as I may add a second date in early February.

Cheers,
